GENERAL INFORMATION

The Generator Fee is imposed on each person that generates (produces) hazardous waste of five (5) tons or more at a site in each calendar year. The fee is calculated for generation of waste at each site regardless of the waste's final disposition (for example, recycling or disposal).

Each year a prepayment of the fee is due by August 31, and an annual return for the year must be filed by the last day of February following the end of the reporting period. An annual return must be filed even if no additional Generator Fee is due. Failure to file either the prepayment or annual return may result in the imposition of penalties. Facility operators who pay an annual Facility Fee at a site are not subject to a Generator Fee for the same site.

FEDERAL LIABILITY FOR THE FEE

Under 42 U.S.C. section 6961, federal departments, instrumentalities, or agencies are subject to state regulation concerning disposal or management of hazardous waste, including the payment of the Hazardous Waste Generator Fee. However, the Federal Government is not liable for interest imposed by the California Revenue and Taxation Code.

FILING REQUIREMENTS

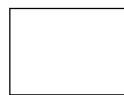

Under section 43152.15 of the Hazardous Substances Tax Law, a prepayment of the fee by site is due and payable on or before the last day of August, with a remittance payable to the California Department of Tax and Fee Administration. This return must be filed even if you have no tax liability. Under section 43155 of the Hazardous Substances Tax Law, late payment will result in a 10 percent (0.10) penalty.

Please complete the worksheets on the reverse to calculate total amount due below.

FEDERAL PREPAYMENT FILING REQUIREMENTS

Payments: To make your payment online, go to our website at www.cdtfa.ca.gov and select "Make a Payment." You can also pay by credit card on our website, or by calling 1-855-292-8931. If paying by check or money order, be sure to include your account number.

You can determine the prepayment amount you owe by using either Option 1 **or** Option 2 below. Complete the applicable worksheet and enter the option chosen and amount due on the front of the form.

EXEMPTIONS FROM THE FEE

- 1) Used motor oil removed from motor vehicles that is recycled by a recycler permitted by the Department of Toxic Substances Control.
- 2) Waste that is generated, recycled, and reused onsite and is not transferred offsite at any time.
- 3) Aqueous waste treated onsite in a treatment unit operating, or which subsequently operates under a permit by regulation, conditional authorization, or conditional exemption. However, hazardous waste generated by the treatment unit is subject to the Generator Fee.

OPTION 1 - WORKSHEET
