**Payments:** To make your payment online, go to our website at [www.cdtfa.ca.gov](http://www.cdtfa.ca.gov) and select "Make a Payment." You can also pay by credit card on our website, or by calling 1-855-292-8931. If paying by check or money order, be sure to include your account number.

### General Information

Suppliers of motor vehicle fuel use this tax return to report the Motor Vehicle Fuel Tax due on motor vehicle fuel, which includes gasoline, gasoline blendstocks, and aviation gasoline. The Motor Vehicle Fuel Tax is imposed on the following activities: removal of motor vehicle fuel from a refinery or terminal rack; importation of motor vehicle fuel outside the bulk transfer/terminal system; removal or sale of motor vehicle fuel to an unlicensed person unless there was a prior taxable removal, entry, or sale; and removal or sale of blended motor vehicle fuel outside the bulk transfer/terminal system. All transactions involving these activities are subject to tax unless the transaction meets one of the exemptions allowed in the Motor Vehicle Fuel Tax Law.

**Note:** Effective July 1, 2010, the motor vehicle fuel tax rate may be adjusted annually. Due to this annual adjustment, you may have transactions at multiple rates. The effective date of any future rate change will be July 1.

If you are interested in filing your *Supplier of Motor Vehicle Fuel Tax Return* electronically with the CDTFA, please contact us at 1-800-400-7115 (TTY:711) or visit our website at [www.cdtfa.ca.gov](http://www.cdtfa.ca.gov) for more information.

To obtain the latest information on any product codes or if you need help completing this form, please call us or visit the CDTFA's website at [www.cdtfa.ca.gov](http://www.cdtfa.ca.gov).

### Filing Requirements

You must file a tax return with the CDTFA on which you report, on a monthly basis, activities such as importing and exporting above and below the terminal rack, blending, and refinery or terminal rack removals of motor vehicle fuel in this state. The return and your payment, made payable to the **State Controller**, for the amount due must be submitted on or before the last day of the calendar month following the reporting period to which it relates. Paying your tax or filing your return after the due date may result in interest and penalty charges. You must file a return even if no tax is due for the reporting period. Your tax return is not considered valid unless it is signed and dated in the space provided at the bottom of the first page. **To prepare the return, you must first complete the applicable schedules and the Tax Computation Worksheet.**

### Accountability

It is important that you report all transactions that you are required to report on this return and the supporting schedules. The CDTFA will be comparing your total rack removals, as reported by terminals, against removals reported by you. Your imports of products will be compared to exports reported to the CDTFA by other states. Failure to report fully may result in the CDTFA contacting you to determine why your reports differ from reports submitted by third parties, such as the terminal operators.

### Preparation of Schedules

There are two types of supporting schedules included with every *Supplier of Motor Vehicle Fuel Tax Return*: a standard *Receipt Schedule* and a standard *Disbursement Schedule*. **For detailed information regarding preparation of schedules, see CDTFA-810-FTE, *Instructions for Preparing Motor Fuels Schedules*, available on our website at [www.cdtfa.ca.gov](http://www.cdtfa.ca.gov).**

## Preparation of the Tax Computation Worksheet

The Tax Computation Worksheet is provided to assist you in calculating the tax due and completing your return. (This worksheet should be kept with your records. **Do not send the worksheet with your return.**) For purposes of this worksheet, "motor vehicle fuel" includes **only** gasoline, gasoline blendstocks, and gasohol. Motor vehicle fuel at the current tax rate and prior tax rate, as well as aviation gasoline, must be reported separately in columns A, B, and C, respectively, on the worksheet. Add the totals from column 11 on each of the schedules for motor vehicle fuel and aviation gasoline to determine the total gallons to be included in each column of the worksheet. Refer to CDTFA-810-FTE, *Instructions for Preparing Motor Fuels Schedules*, for detailed instructions on the use of and reporting requirements for each schedule.

### Section A. Taxable Transactions

- Line 1.** Enter the total gallons of ex-tax motor vehicle fuel and aviation gasoline imported into California below the terminal rack by adding the totals from column 11 for each receipt schedule coded 3X for taxable products. Refer to CDTFA-810-FTA, *Product Code Table - Sorted by Product Code Number*, or CDTFA-810-FTB, *Product Code Table - Sorted by Product Description*, for a list of taxable products.
- Line 2.** Enter the total gallons of motor vehicle fuel and aviation gasoline removed from California terminal racks that were subject to tax during the reporting period by adding the totals from column 11 for each disbursement schedule coded 5.
- Line 3.** Enter the total gallons of motor vehicle fuel and aviation gasoline sold above the rack to unlicensed parties by adding the totals from column 11 for each disbursement schedule coded 5A.
- Line 4.** Enter the total gallons of motor vehicle fuel and aviation gasoline sold and originating tax collected by adding the totals from column 11 for each disbursement schedule coded 5H. *Note: Schedule 5H is used to offset credits that would result in a negative tax return. A claim for refund must be filed with the State Controller for any unused credits.*
- Line 5.** Enter the total gallons of motor vehicle fuel and aviation gasoline used by you during the reporting period by adding the totals from column 11 for each disbursement schedule coded 5Q.
- Line 6.** Enter the total gallons of ex-tax blendstocks entered, removed from a California terminal rack, or purchased with an exemption certificate and resold to a person not furnishing an exemption certificate by adding the totals from column 11 for each disbursement schedule coded 5V.
- Line 7.** Enter the total gallons of untaxed products blended with or added to motor vehicle fuel or aviation gasoline resulting in a product which is used as or is usable as motor vehicle fuel or aviation gasoline by adding the totals from column 11 for each disbursement schedule coded 5W.
- Line 8.** Enter the difference between gross gallons sold to customers and net gallons purchased from suppliers by adding the totals from column 11 for each disbursement schedule coded 5X.
- Line 9.** Enter the total gallons of miscellaneous motor vehicle fuel and aviation gasoline transactions that are subject to tax by adding the totals from column 11 for each disbursement schedule coded S02A.
- Line 10.** Enter the total gallons of motor vehicle fuel and aviation gasoline transactions subject to tax by adding lines 1 through 9 for columns A, B, and C. Also enter this total on line 1, columns A, B, and C, respectively, of section C of the worksheet.

### Section B. Tax-Paid Credits

- Line 1.** Enter the total gallons of tax-paid motor vehicle fuel and aviation gasoline exported below the California terminal racks by adding the totals from column 11 for each disbursement schedule coded 13A.
- Line 2.** Enter the total gallons of tax-paid motor vehicle fuel and aviation gasoline sold to a consulate officer or employee by credit card by adding the totals from column 11 for each disbursement schedule coded 13B.
- Line 3.** Enter the total gallons of tax-paid aviation fuel sold to the Armed Forces of the United States for use in aircraft by adding the totals from column 11 for each disbursement schedule coded 13C.
- Line 4.** Enter the total gallons of tax-paid motor vehicle fuel sold to train operators by adding the totals from column 11 of Schedule 13G.
- Line 5.** Enter the total gallons of tax-paid motor vehicle fuel and aviation gasoline used in an exempt manner not reportable on any other credit schedule by adding the totals from column 11 for each disbursement schedule coded 13J.
- Line 6.** Enter the total gallons of tax-paid motor vehicle fuel and aviation gasoline removed from a terminal as a second taxable event by adding the totals from column 11 for each disbursement schedule coded 13M.
- Line 7.** Enter the total gallons of tax-paid motor vehicle fuel and aviation gasoline used to manufacture other products by adding the totals from column 11 for each disbursement schedule coded 13N.
- Line 8.** Enter the total gallons of tax-paid motor vehicle fuel and aviation gasoline allowed to be taken as a tax-paid credit by adding the totals from column 11 for each summary schedule coded S03A.
- Line 9.** Enter the total of tax-paid credits by adding lines 1 through 8 for columns A, B, and C. Also enter these totals on line 2, columns A, B, and C, of section C on the worksheet.

**Section C. Taxable Gallons Computation**

- Line 1.** Enter the total gallons for transactions subject to tax from section A, line 10, columns A, B, and C.
- Line 2.** Enter the total gallons of tax-paid credits from section B, line 8, columns A, B, and C.
- Line 3.** Enter taxable gallons by subtracting line 2 from line 1 for columns A, B, and C. Also enter these totals on line 1, columns A, B, and C, on the front of the return. *(Taxable gallons may not result in a negative tax due amount. If the total of line 3, columns A, B, and C, is a negative amount, then one or more of the credits in section B must be offset on Schedule 5H. Credits offset on Schedule 5H must be claimed for refund of the tax which is filed with the State Controller.)*

**Section D. Prepayment Accounts - Penalty and Interest Calculation**

- Line 1.** Enter the total tax due from line 4 on the front of the return.
- Line 2.** Enter the amount of the tax already paid for the period.
- Line 3.** Enter the remaining tax due by subtracting line 2 from line 1.
- Line 4.** If you file this return or pay your remaining tax due on line 3 after the date shown on the front of this return, you will owe a penalty of ten percent (0.10) of the amount of tax due. Multiply the remaining tax due on line 3 by (0.10) and enter here. Enter this amount on line 5 on the front of the return.
- Line 5.** If you are paying the remaining tax due on line 3 after the date shown on the front of this return, you will owe interest. Interest applies for each month, or fraction of a month, that your payment is late. Multiply the remaining tax due on line 3 by the interest rate shown, then multiply the result by the number of months, including any fraction of a month, that has elapsed since the due date and enter the amount here. Also, enter this amount on line 6 on the front of the return.

**Preparation of the Return****Before completing the return, prepare the applicable Receipt, Disbursement, and Summary Schedules and the Tax Computation Worksheet.**

- Line 1.** Enter the total gallons on which tax applies from section C, line 3, columns A, B, and C, of the Tax Computation Worksheet.
- Line 2.** These are the rates of tax for motor vehicle fuel and aviation gasoline.
- Line 3.** For columns A, B, and C, multiply line 1 by line 2 for each column and enter the result in the appropriate column on line 3.
- Line 4.** Enter the total tax due by adding columns A, B, and C of line 3.
- Line 5.** If you pay the tax due on line 4 or file your return after the due date shown on the front of this return, you owe a penalty of ten percent (0.10) of the amount of remaining tax due. Multiply the tax due on line 4 by (0.10) and enter here. **(If your account is a "Tax Prepayment Account,"** see section D of the Tax Computation Worksheet to calculate the penalty due.) Returns and payments must be postmarked or received on or before the due date of the return to be considered timely. If the due date falls on a Saturday, Sunday or state holiday, returns postmarked or received on the next business day will be considered timely. Businesses required to pay motor vehicle fuel tax by electronic funds transfer (EFT) may also be subject to a 10 percent penalty for failure to pay by EFT (payment by check, for example). However, 10 percent is the maximum penalty applied to late returns and payments.
- Line 6.** If you are paying your tax on line 4 after the date shown on the front of this return, you will owe interest. The interest rate noted on the front of this return applies for each month, or fraction of a month, that your payment is late. Multiply the tax due on line 4 by the interest rate shown, then multiply the result by the number of months, including any fraction of a month, that has elapsed since the due date and enter here. **(If your account is a "Tax Prepayment Account,"** see section D of the Tax Computation Worksheet to calculate the interest due.)
- Line 7.** Enter the total amount due and payable by adding lines 4, 5, and 6. **(If your account is a "Tax Prepayment Account,"** this is the total amount due for the period, **including** the prepayment. Your payment with this return should only be for the remaining tax due, plus penalty and interest, if applicable.)
