GENERAL

Proposition 56 increased the cigarette tax stamp rate from \$0.87 to \$2.87 per pack of 20 cigarettes. As a cigarette distributor in California, you are required to report and pay a cigarette stamp adjustment tax for each unaffixed and affixed California cigarette tax stamp in your possession or under your control at 12:01 a.m., on April 1, 2017.

NOTE: The cigarette stamp adjustment tax **does NOT** apply to little cigars. **Do NOT** report packages of little cigars on this return. Unstamped little cigars are to be reported as tobacco products by tobacco distributors.

INSTRUCTIONS CIGARETTE DISTRIBUTOR CIGARETTE STAMP ADJUSTMENT TAX RETURN

FILING REQUIREMENTS

Section 30130.52(b) of the California Healthcare, Research and Prevention Tobacco Tax Act of 2016 (Proposition 56) requires every licensed cigarette distributor to pay a cigarette tax stamp adjustment tax for each California cigarette tax stamp that is unaffixed and affixed to any package of cigarettes in its possession or under its control as of 12:01 a.m., on April 1, 2017. The distributor must file a return and pay any taxes due to the California Department of Tax and Fee Administration on or before July 1, 2017.

Unusable cigarette tax stamps that are unaffixed and cigarette tax stamps affixed to unsaleable cigarette packs must be included in this return so that future claims for refund may be made at the new cigarette tax rate.

Accounting records of your unaffixed and affixed cigarette tax stamps reported as in your possession or under your control as of 12:01 a.m. on April 1, 2017, must be maintained on physical inventory count sheets and kept with your copy of the return.

Cigarette tax stamps that were ordered, approved, and processed on or before March 31, 2017, that are "in transit" must be included in your inventory count and reported as unaffixed on this return.

The floor stock tax does not apply to little cigars. Do not include packages of product labeled as little cigars in your inventory count. Little cigars are no longer considered cigarettes and will be considered tobacco products effective April 1, 2017. Proposition 56 expanded the definition of "tobacco products" to include products labeled as little cigars under federal regulation (27 C.F.R. section 40.214 [2006] and the federal Cigarette Labeling and Advertising Act (15 U.S.C. section 1331 et seq.)). This means little cigars no longer require cigarette tax stamps beginning April 1, 2017.

DEFINITIONS

Cigarette means any roll for smoking, made wholly or in part of tobacco, irrespective of size or shape and irrespective of whether the tobacco is flavored, adulterated or mixed with any other ingredient, where such roll has a wrapper or cover made of paper or any other material, except where such wrapper is wholly or in the greater part made of tobacco and such roll weighs over three pounds per thousand sticks (Revenue and Taxation Code section 30003).

Distributor includes every person who makes a distribution of cigarettes or accepts orders for cigarettes, which are to be transported from a point outside this State to a consumer within this State (Revenue and Taxation Code section 30011).

Distribution includes the sale, use, or consumption of untaxed cigarettes in California, or the placing of untaxed cigarettes in a vending machine or in retail stock for the purpose of selling the cigarettes to consumers (Revenue and Taxation Code section 30008).
