FILING REQUIREMENTS

Every owner of an underground storage tank shall file an underground storage tank maintenance fee return and schedule showing the total number of gallons of petroleum products **placed** into the owner's tanks **during** the period covered by the return. Do not report tank capacity. The return is due on or before the 25th day of the month following the end of the reporting period. A return must be filed even if you have no liability for the fee; for example, tanks that are empty or not in use.

If you have sold or removed any of your tanks or have moved, please notify this office. If you are not the tank owner, please indicate the current owner's full name and address on an attachment and forward along with this return.
